## **Peoplesource President Teri Scott Named One of Canada's Top Female Entrepreneurs!**

Toronto, Ontario (May 26, 2015) PROFIT and Chatelaine today ranked Teri Scott No. 47 on the 17th annual W100 list of Canada's Top Female Entrepreneurs. This is the second year in a row that Teri has been included in the PROFIT/Chatelaine W100. Published in the June issue of Canadian Business (available now) and online at PROFITguide.com and Chatelaine.com, the W100 ranks female entrepreneurs with a proprietary formula that considers the size, growth rate and profitability of the businesses they own and run.

"You need a bold vision, an innovative strategy and loads of tenacity to earn a spot on the W100," says James Cowan, Editor-in-chief of PROFIT and Canadian Business. "Every person on this list represents the pinnacle of business success in Canada. Their stories are inspiring and instructive for those seeking to excel as an entrepreneur."

"Having now been honored on this prestigious ranking in consecutive years has made all of us at Peoplesource and the entire Wish Group of Companies so proud of Teri. Her bold determination to provide unsurpassed quality of service to every client and each associate we employ is inspiring. Teri's attention to developing people whether our external or internal staff has been a great example for all of us. This achievement reflects the passion and dedication that her entire team has for people and the business in general." - **Frank Cianciulli, Chairman and CEO of the Wish Group**

"I feel very fortunate to be recognized on this list of so many talented women who exemplify entrepreneurialism in every aspect of their lives. In my case however this achievement truly belongs to a much larger community of individuals, the talented, supportive, creative and intensely passionate people I've surrounded myself with every day at Peoplesource." **Teri Scott, President of PEOPLESOURCE Staffing Solutions**

Teri began her career in Social Work for a government funded organization in the Kitchener-Waterloo region. Realizing that Social Work wasn't her true calling, Teri decided to further her education by obtaining her degree in Human Resource Management. After a few years working with the largest privately held human resource consultancy firm in North America Teri came to Peoplesource and began overseeing all six of the Peoplesource offices. In 2010, Teri was promoted to President and Co-Owner of Peoplesource.
