About ACSESS

As the national voice of recruiting, employment and staffing services industry, the Association of Canadian Search, Employment & Staffing Services (ACSESS) leads Canada to work. ACSESS advances best practices and ethical standards for the \$13 billion staffing industry through advocacy, government relations, professional development, resources and research.

ACSESS was formed in 1998 when The Association of Professional Placement Agencies & Consultants (founded 1962) merged with the Employment and Staffing Services Association of Canada (founded 1968). Blending these two associations gave ACSESS an expanded mandate to represent all facets of the employment, recruitment and staffing services industry.

ACSESS' more than 1,200 member offices offer staffing solutions in professional search, temporary and contract staffing across Canada. Members provide a key service to businesses and offer a broad range of solutions to help companies in Canada be more successful.

ACSESS member companies pledge to uphold the Association's Code of Ethics & Standards. They are committed to an industry that empowers clients to respond to business realities and changing technologies and offers all levels of workers a growing range of employment opportunities.
